PROKOTE[®] AF
2 & 4 CYCLE ENGINES • ANTI-FRICTION
MOTORCYCLES

MEMBER OF

MOTORCYCLE ENGINE TREATMENT

ProKote AF MOTORCYCLES is a metal treatment specially formulated to provide your engine with anti-friction protection. It contributes to a cooler and more powerful, fuel economy and smoother running engine.

Independent tests indicate that friction can be reduced drastically, and consequently anti-friction properties under EP (Extreme Pressure) loads can be increased, in some cases up to 220% (ASTM D-2783). **ProKote AF MOTORCYCLES** is designed to work in your engine's lubrication system contributing to...

Increase:

- Power and performance
- Life of your engine
- Mileage

Reduce:

- Friction and wear
- Temperature
- Noise and vibration
- Fuel consumption
- Negative effects of cold start-ups
- Repair bills

**PROTECT YOUR ENGINE ...
AND YOUR INVESTMENT!**

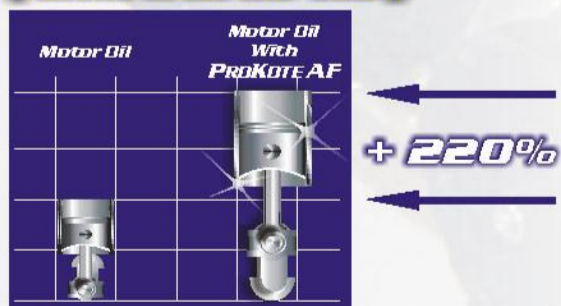

PROKOTE AF MOTORCYCLES:

- Works with all brands of oil, including synthetics
- Does not void engine warranty
- Contains no plastic particles, PTFE resins, molybdenum disulfide or other solids

Use PROKOTE AF MOTORCYCLES in:

- All types of motorcycle engines
- Both 4-cycle and 2-cycle engines
- Inboard and outboard marine engines
- Manual transmissions, differentials and gearboxes

**IMPROVED
ANTI-FRICTION PROPERTIES
(ASTM D-2783 Test)**

**PROKOTE[®] ...
MUCH MORE
PROTECTION!**
