

PROKOTE[®] LK
PROTECTION FORMULA
LEATHER-KOTE
CLEANER AND REVITALIZER

- Safely removes dirt without scratching.
- Safe and bio-degradable.
- Cleans, polishes and protects without using water.
- Prevents premature weathering of finishes.
- Repels water and dirt.
- Protection up to several months.
- Prevents sticking of bugs and tar.
- Use outside and inside of your vehicle:
 - On the exterior as a car-wash.
 - On interior vinyl or leather.
 - As a tire cleaner and wheel polish.
 - On all non-absorbent surfaces: paints, finishes, clear-coats, glass, metals, chrome, rubber, plastics, vinyl, leather, etc.

DIRECTIONS: Shake well before using! Just spray... and wipe!
COMPLETE CAR-WASH & POLISH (For exterior and interior use): Spray a thin layer on a small section such as a door. With a dry and absorbent cotton cloth remove dirt without applying pressure.

Immediately polish with a clean cotton cloth. Repeat as required.

Note: If the paint finish is dull or shows signs of discoloration, it is recommended to first apply **PROKOTE DK DIAMOND-KOTE**.

USES: For all types of vehicles, boats, airplanes and many other 'all-around' household cleaning and protective uses.

CAUTION: If swallowed, call a physician immediately. Do not induce vomiting. Avoid breathing vapors. Use with adequate ventilation. If sprayed in eyes, flush with large quantities of water immediately. Keep out of reach of children.

DANGER: Do not puncture, incinerate or expose container to heat. Do not store in direct sunlight or at temperatures above 120° F (49° C). High temperatures may cause container to burst. Keep away from hot areas, sparks and/or open flames.
